Cover New Ground

This is E-Z-GO. Where the fun-loving freedom to hit the road, trail or course at a moment's notice meets the duty bound performance to carry your heaviest load. Where head-turning style connects with forward-thinking efficiency. Where who you are aligns with what you do.

So go. Experience. Explore. Enjoy. From the comfort of the familiar to the excitement of new discoveries, savor the ride all along the way.

Our vehicles can be customized to enhance your lifestyle while providing unmatched performance, comfort and style. So when you choose to customize your vehicle with E-Z-GO accessories, you also receive:

- Quality parts and accessories that meet or exceed E-Z-GO's stringent requirements.
- Accessories designed and manufactured in premier manufacturing facilities, customized specifically for your E-Z-GO vehicle.
- Components tested for reliability and durability.
- Accessories supplied by authorized E-Z-GO vendors who inspect for quality assurance.
- The best buy for your money with absolutely no compromise in quality.

Check out the following accessories, then let E-Z-GO help customize a vehicle to complement the way you live.

Look for the Youtube symbol on selected product and visit www.youtube.com/ezgotv to see our E-Z-GO TV installation videos.

**GENUINE PARTS
& ACCESSORIES**

CUSTOMIZE. ACCESSORIZE. REVITALIZE.

Accessories are designed to fit E-Z-GO® TXT® vehicles unless otherwise specified.
*Colors are for reference only and are not intended to be exact reproductions of the actual colors.

ALPHA NUMERIC TIRE SIZE

A B C
21 X 10.5 - 12

- A Overall Tire Height (21)** - Overall Tire Height is always the first number and is tire height when inflated.
- B Tire Width (10.5)** - Distance between the widest part of the tire when inflated and not under any weight.
- C Rim Diameter (12)** - Distance between the vertical portion of the rim flange. The rim diameter is normally measured in inches.

P-METRIC STYLE

A B C
205/50-10

- A Tire Width (205)** - Width of the tire measured in millimeters from sidewall to sidewall.
- B Aspect Ratio (50)** - Ratio of the height of the tire's side to its width.
- C Wheel Diameter (10)** - Distance between the vertical portion of the rim flange. The rim diameter is normally measured in inches.

**Includes: Full length taillight harness for use in 2008-current Precedent vehicles.*

PF10705
DUAL CUT-IN HEADLIGHT KIT FOR DS
 Use on Club Car DS Vehicles (1982-Current)

- Offered for TXT, RXV, Club Car Precedent and DS
- 15 LEDs in each taillight
- Adjustable headlights
- Includes push pull light switch, headlights, taillights, harness and hardware

Note: Recommended use of DC/DC converter kit (618921) with 6 & 12V batteries and mandatory use with 8V batteries to help prevent premature battery failure.

SOLAR PANELS

THE ENVIRONMENTALLY FRIENDLY WAY TO GO FARTHER.

PowerFilm Solar Panels are the next step toward making your lifestyle greener and more carbon-neutral. Each panel can reduce the amount of energy required to recharge a golf car enough to offset 100 pounds of carbon dioxide emissions each year. It would take two trees 10 years of growth each to remove that much CO² from the atmosphere.

- Add accessory to existing 48V Freedom RXV® and TXT® 36V & 48V vehicles
- Exclusive snap-on design installs easily to existing top with no special tools required
- Lightweight —each panel weighs just five pounds, unlike heavier and fragile competitors
- Unique, flexible material —uses no glass and is extremely durable
- Affordable, cost-effective solution for reducing energy consumption
- Charge controller prevents overcharging of batteries

* Features and specifications of vehicles subject to change without notice. Vehicles as photographed may include options not included on base model. Performance will vary according to a number of factors, including local weather patterns and age and condition of vehicle batteries.

POWERFILM SOLAR PANEL SYSTEM FOR TXT & RXV

- Each 45-watt panel will add up to 300 watt-hours of solar power providing longer battery life.
- Constant trickle charge of voltage enhances battery health & life 1000 to 1700 charge cycles of battery life.
- Up to 70% more charges from batteries.
- Extended range of up to 5 miles with longer runtime between charges

Freedom TXT 36V - Part # 629493

Freedom TXT 48V - Part # 625919

Generated Power	45W
Length	48 in (122 cm)
Width	36 in (91 cm)

Generated Power	45W
Length	55.5 in (141 cm)
Width	37.5 in (95 cm)

KICKER

SPEAKERS & CONTROLLER

Add some "Kick!" and turn up the tunes with the Kicker® Speaker System and Amplified Controller. Whether your music enjoyment is mild or a little on the wild side, this system delivers optimum results! The marine grade, UV treated speakers deliver a high fidelity, quality sound and are designed in a drop-in style for easy installation with oversized cones for greater output.

Ideal for iPod®, iPhone®, and iPad® users to enhance music enjoyment by adding tunes to vehicles with these devices as the head unit. This system also allows for a quick charge of the device with 5v of fast charging power of the player, and a pause feature when the power is in OFF mode. May also use 3.5mm aux-input for other MP3 devices with cord (sold separately).

NOW AVAILABLE FOR RXV!!

LIGHTS & ELECTRICAL

Purchasing a golf car light kit is one of the easiest ways to equip your vehicle with lights. Unless you are replacing a headlamp, chances are you will need all the hardware and components that come with standard golf car light kits. In addition, you will get detailed instructions to make installation easy. You can find these light kits for both electric and gas powered E-Z-GO & Club Car.

EASY HEADLIGHT KITS

WINDSHIELDS

A windshield for your golf car can offer added protection from the elements. There are several different types from which to choose; however, be sure to get the type of windshield that is compatible with your golf car. You can choose from acrylic, 70/30 blend tinted or clear golf car windshields and many of them are the fold down variety, which offers flexibility.

E-Z-GO REAR FLIP SEAT KIT INSTALLATION

Increase the carriage space to your golf cart by adding additional seating! This E-Z-GO convertible seat carrier kit allows you to easily convert your 2-passenger golf cart to a 4-passenger vehicle, while also providing a seat fold down, flat bed feature that allows room for transporting various items.

Find this item on page 44.

E-Z-GO 80" TOP KIT INSTALLATION

Featured in this video is an 80 inch top kit which can be purchased through your local dealer. Tops are ideal for all golf cart vehicles as it allows passengers a comfortable ride and extended outdoor exposure. Typically 80 inch tops are utilized with 4-passenger vehicles and the 54 inch top is more common on 2-passenger vehicles.

Find this item on page 48.

E-Z-GO 3-SIDED ENCLOSURE

The Over-the-Top Enclosures make an excellent addition to your golf cart for reliable weather protection and comfort to vehicle occupants. Manufactured with durable, resilient, & water-resistant fabric, the enclosure drapes easily over the top of the vehicle with a secure fit. These items are also available in many colors to best suit your golf cart. Find this item on page 54-55.

E-Z-GO FIBERTECH SILVER FORMULA GT 3-SPOKE STEERING WHEEL

This E-Z-GO Fibertech Silver Formula GT 3-Spoke Steering Wheel is an easy modification to add to your golf cart. By adding this sleek steering wheel, your golf cart will be ready to cruise the streets in a new sporty style.

Find this item on page 51.
